

Vitre – Complete Refurbishment

Vitre was originally commissioned in 1986. She was fitted out by the owner`s father and by 2015 was looking very old fashioned and tired.

When the owner`s parents passed away, Vitre was seen as too special to sell on and so the new owners decided to modernise her throughout:-

SALOON:

ADDED FEATURES:

The 7ft front deck was an open space within which picnic furniture was used.

The deck was dropped so that a built in seating area could be fitted, together with window canopy so that this area could be used in early Spring and late Autumn as well as throughout the summer.

For more information on Perrydale refurbishment, contact Sammy Rose on 07702 190850 or Dave Perry on 07476 381507.
